All About Reindeer!

(December only)

Join our specialist reindeer elf to discover what makes a reindeer so brilliant! Plus, the opportunity to see our very own reindeer up close before heading to meet Father Christmas himself!

EYFS

Objectives

- Identify features of a cold habitat
- Explain how animals can live in a cold habitat

The Early Learning Goals for:

- Communication and Language - Listening, Attention and Understanding
- Understanding the World - The Natural World

1 hour

Workshop Content

You will be greeted by an Elf, whose speciality is all things reindeer! They will share what life is like in the North Pole, and your class will discover the unique features of a reindeer. Your elf will then take you to see the reindeer, as well as having the opportunity to feed them!

Afterwards, you'll visit the Christmas Village where Santa awaits to read you a festive story as well as time for photo opportunities.
