All About Reindeer!

(December only)

Join our specialist reindeer elf to discover what makes a reindeer so brilliant! Plus, the opportunity to see our very own reindeer up close before heading to meet Father Christmas himself!

KS1

Objectives

- Identify features of the polar habitat
- Explain what an adaptation is
- Understand that animals can live in different places

Science
Geography

Curriculum Links

- Identify that most living things live in habitats to which they are suited and describe how different habitats provide for the basic needs of different kinds of animals and plants, and how they depend on each other
- Identify the location of hot and cold areas of the world in relation to the Equator and the North and South Poles

1 hour

Workshop Content

You will be greeted by an Elf, whose speciality is all things reindeer! They will share what life is like in the North Pole, and your class will discover the unique features of a reindeer. Your elf will then take you to see the reindeer, as well as having the opportunity to feed them!

Afterwards, you'll visit the Christmas Village where Santa awaits to read you a festive story as well as time for photo opportunities.
